👤 PROFILE

As a highly skilled MS Mathematics graduate with 2+ years of teaching experience at both school and college levels, I am dedicated to delivering engaging and effective instruction to students. I possess strong analytical and problem-solving skills, which allow me to simplify complex mathematical concepts and make them accessible to learners of all levels. In addition, I have gained valuable experience as a virtual assistant in the e-commerce industry, where I developed project management and communication skills while delivering top-quality customer support. With a proven ability to work collaboratively with colleagues and students, I am seeking a challenging opportunity to apply my teaching and e-commerce expertise in a dynamic and innovative setting.
