Other: OOP, SOLID Principles, Database Backup & Automation, ZATCA Integration

EDUCATION

Bachelor of Computer Science

Future Academy (Different Studies Institute) | 1995 – 1999 | Heliopolis, Egypt

KEY ACHIEVEMENTS

Innovision Strategies

- Development of ERP System modules: Stores, Sales, Purchasing, HR, Manufacturing
- ZATCA (Saudi tax authority) integration
- Advanced HR Salary Balance & Stop Pay features
- Customer , Salesman , Branch Credit Limit feature

IT-Cores

- Developed Arco System using .NET Core + Angular
- Excel Export / Import Employee Salary Change

Softec International

- Minimized ICCC database footprint significantly
- Added Questionnaire Maker feature to Admin Pages

ASAP Systems

- Added 'Checked Out To = Custodian' feature (Asset, Checkout Setting, History Reports)
- New design & functions for Deactivate Person
- Force Reset Password when required
- System bug fixes

Smart Up

- Developed Point of Sale System (Golden Box) with JSON export and web-server sync via Windows Service
- Developed HMS (Hotel Management System)
- Developed a Questionnaire system

GPPC (Gulf Publishing & Printing)

- Developed full ERP System: Accounting, Advertising, Circulation, Commercial Press, Stores, Fixed Assets (VB6 + MS SQL, C#)
- Developed Classified Booking web app (internal network)
- Automated daily/weekly/monthly/yearly database backups
- Developed Attendance Windows Service for daily collection

Abha College of Technology

- Developed college website
- Taught Web Page Design (HTML, CSS, JavaScript), Programming I (VB), Programming II (C#), SQL basics for Oracle

LICENSES & CERTIFICATIONS

- **CSS Essential Training** — [LinkedIn Learning](#), Oct 2021
- **HTML Essential Training** — [LinkedIn Learning](#), Oct 2021
- **JavaScript Essential Training** — [LinkedIn Learning](#), Oct 2021
- **Learning SQL Programming** — [LinkedIn Learning](#), Oct 2021
- **Programming Foundations: Databases** — [LinkedIn Learning](#), Oct 2021
- **Programming Foundations: Fundamentals** — [LinkedIn Learning](#), Oct 2021
- **Programming Foundations: Web Security** — [LinkedIn Learning](#), Oct 2021
- **Learning Python (2020)** — [LinkedIn Learning](#), Oct 2021
- **NumPy Data Science Essential Training** — [LinkedIn Learning](#), Oct 2021
- **Data Fluency: Exploring and Describing Data** — [LinkedIn Learning](#), Oct 2021
- **Learning Data Analytics: Foundations** — [LinkedIn Learning](#), Oct 2021
- **Learning Data Analytics Part 2: Extending and Applying Core Knowledge** — [LinkedIn Learning](#), Oct 2021
- **Learning Excel: Data Analysis** — [LinkedIn Learning](#), Oct 2021
- **Succeeding in Web Development: Full Stack and Front End** — [LinkedIn Learning](#), Oct 2021
