01 SECURITY GUARDS

Our security guards are professionally trained and taught how to be instinctive and have good judgement of situations while on duty.

Every security personnel is selected through a stringent selection process that includes detailed background checks and they hold a valid PSIRA Certification among other required documentation.

They then undergo a rigorous training program which is designed to help them to operate well within industry specifications.

02 ARMED REACTION

Black Ammo Spartan Security boasts a fleet of tactical response vehicles which are manned by highly trained response officers.

All of our reaction officers are equipped with all the necessary equipment and fire arm skills to provide this specialised service in accordance with South African fire arm laws.

Our vehicles are branded and have a live tracking GPS which is in constant communication with the control room for swift response to emergencies or instances where the panic button is pressed.

03 VIP PROTECTION

We provide protection to Very Important Person's (VIPs) and these range from chief executives, celebrities, public figures and High Net worth Individuals.

Protecting high-risk individuals involves roles like escorting, crime prevention and protection from threats i.e. from business opponents, kidnapers, stalkers or overly-enthusiastic fans.

In situations where threats are detected we respond to those threats and situations rapidly and effectively to protect the subject by first Protecting physically and then removing from harm's way.

04 EVENT SECURITY

Black Ammo Spartan Security understands that, securing events is not just about posting men in uniforms, but; it is about planning and executing an effective security plan based on risk assessment.

05 ELECTRIC FENCING

Our electric fencing solution is based on the need to prevent property breakins utilising energy efficient shock electric fence protection.

We assess the area and install a suitable fence which will offer all round protection to a client's property.

06 CAR TRACKING

We offer highly competitive stolen vehicle recovery services through our car tracking system.

Our fleet management system is customised to provide cover to any type of vehicle operating on South African roads or even in the region.

07 CCTV SYSTEMS

We provide state of the art security systems which offer real time surveillance cameras and alarms.

Our hardware and software enables our clients to constantly check on their facilities through their mobile devices. Any intrusion triggers the alarms and our armed response will respond immediately.

07 ACCESS CONTROL

We also offer professional access control services which involves the supply of reliable access control systems at affordable market related prices.

Once the system has been installed and configured we then provide training on how to get the best out of the access control system.

Our team is also happy to provide continued access control support services.

08 URBAN AREA CAR GUARDS

We have a unique package which offers urban spaces with car guards who will man strategic parking areas to combat vehicle theft or theft from vehicles.

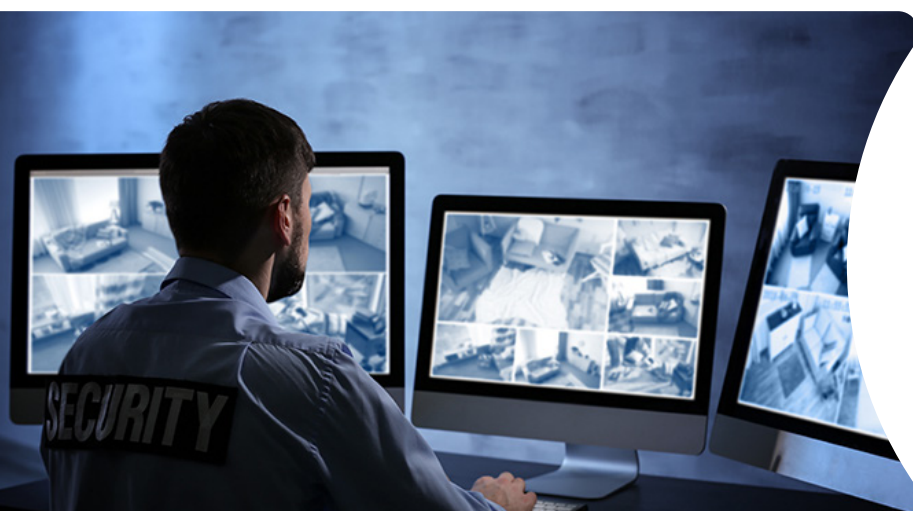

This creates confidence with business patrons who will feel their cars are safe while they engage in their business.
