🪪 PROFILE

Results-driven Flutter Engineer with 4+ years of hands-on experience in mobile application development using Flutter and Dart. Proven expertise in building high-performance, scalable, and user-centric solutions by leveraging modern methodologies such as TDD/BDD, agile practices, and robust state management (Bloc, Provider).

Demonstrated success includes:
- 25% increase in app responsiveness
- 30% reduction in code defects
- 20% decrease in crash rates
- 55% surge in user engagement
- 10% boost in user satisfaction
- 95% on-time project delivery

Skilled in implementing Clean Architecture, MVVM, and continuous integration, I excel at transforming complex challenges into innovative, efficient, and maintainable applications. Eager to contribute technical expertise and creative problem-solving skills to drive transformative, high-impact projects.
