CBSE
8.6 CGPA

BCA   2020
Punjab University
65%

🧠 SKILLS

Language
Core Java

Database
MySql

Tools
Maven(Build Tool) , Postman (API Testing)

Source Code Repo
Git and Github

j2ee Technologies
JSP , Servlet, XML, JSON, HTML , CSS

Server
Apache Tomcat 9.0

Framework
Collection, Spring , MVC, Hibernate , JPA. Spring Boot

Operating System
Windows

💼 PROFESSIONAL EXPERIENCE

Software Developer   07/2021 – present
MindTech Solutions   Powai

- Develop software solutions by studying information needs, studying systems flow, data usage and work processes
- Investigating problem areas followed by the software development life cycle
- Identify ideas to improve system performance and impact availability
- Analyze client requirements and convert requirements to feasible design
- Modifying software to fix errors, adapt it to new hardware, improve its performance, or upgrade interfaces.
- Analyzing information to recommend and plan the installation of new systems or modifications of an existing system
- Ensuring that code is error free or has no bugs and test failure
- Preparing reports on programming project specifications, activities and status
- Taking feedback on the regular basis to ensure smooth and on time delivery
- Participating in continuing education and training to remain current on best practices, learn new programming languages and technologies, and better assist other team members.

🎸 INTERESTS

- Net Surfing
- Learning new technology
- Online Gaming
