Profile

Skilled Java Backend Developer with 2 years of hands-on experience in designing, developing, and maintaining server-side applications. Adept at working in Agile environments and committed to delivering high-quality, scalable, and robust software solutions. Seeking to leverage my expertise in a challenging role at a forward-thinking organization.

Professional Experience

07/2022 – 05/2024
Pune, India

System Engineer

Flamenco Tech India Pvt. Ltd.

- Developed and maintained backend services and APIs using Java and Spring Boot.
- Collaborated with front-end developers to integrate user-facing elements with server-side logic.
- Designed and implemented database schemas and optimized queries to enhance performance.
- Utilized Hibernate for ORM and implemented RESTful web services.
- Participated in code reviews, sprint planning, and daily stand-up meetings in an Agile environment.
- Support & help the client with the Digital Blanket Mobile App and website.
- Support many clients TCL, CITI Corp, and VMware.
