🪪 Objective

Frontend Developer with over 4.8 years of experience in JavaScript, Typescript, React.js, and Next.js, specializing in developing high-performance web applications. Proven track record in optimizing application performance, automating testing workflows, and leading frontend initiatives in Agile environments. Seeking to leverage technical expertise and innovative problem-solving skills in a challenging and growth-oriented role.

🧠 Skills

Frontend Technologies
JavaScript, TypeScript, HTML, CSS, React.js, Next.js, GraphQL, REST API, React-Query, Tanstak, Tailwind CSS, Handlebars.js, Storybook.js, Server-actions, Headless UI, Material UI, Shadcn, Cross-Browser Compatibility, Frontend Development

State Management
Context API, React-Query, Tanstak, serve same purpose as of Redux or Zustand

Testing & Automation
Playwright, Jest, Pact.js, Vitest, Integration Testing, Unit Testing, E2E Testing, Contract Testing

Soft Skills
Agile Methodologies, Cross-functional Collaboration, Mentorship

Tools & Platforms
Git, GitHub, Open-source, Vercel, AWS Appsync, Postman, JIRA, Chromatic, CI, CD

Previously proficient but no longer actively using
Java, J2EE, Spring Boot, Node.js, Express.js, Oracle SQL, My SQL

💼 Experience

Frontend Engineer
Altrata ⬈
Jul 2023 – present

B2B SaaS
(React.js, Next.js, SSR, Typescript, Tailwind CSS, Headless UI, Storybook, Playwright, Vitest, Jest)
- Reduced application loading time by 2% by optimizing Next.js code and implementing server side rendering.
- Deployed 10+ Playwright tests, boosting flows testing by 40%.
- Investigated contract testing using the Pact library to improve service reliability.
- Integrated Google Lighthouse into the CI pipeline, improving accessibility and performance.
- Reviewed pull requests to maintain code quality and best practices adherence.

Frontend Developer
Beaconstac ⬈
Feb 2023 – Jul 2023 | Bengaluru, India

B2B SaaS
(React.js, Next.js, Typescript, Material UI, Storybook, SSG)
- Integrated Google Tag Manager, leading to a 25% increase in page views by analytics tracking.
- Integrated Eslint, Prettier, Git Hooks support and setup Github Workflows for best programming practices.
- Spearheaded the development of a component library using Storybook, reducing UI development time by 20%.
- Modifying internal bootstrap library to fit the design system.
- **Kaizen Storybook** ⬈

Software Developer
Tata Consultancy Services ⬈
Sep 2020 – Jan 2023 | Chennai, India

Client - Genuine Parts Company ⬈ **, USA | Retail domain**
(React.js, Typescript)
- Optimized the performance of data processing scripts, reducing processing time by 60% for large datasets of over 1 million records.
- Led the migration of 1 legacy web app to a modern tech stack, enhancing efficiency and reducing operational costs.
